

RE: _____
(Applicant Name)

Dear Colleague:

The person identified above has applied to the Epidemic Intelligence Service (EIS) at the Centers for Disease Control and Prevention and indicated that you will be writing a letter of recommendation for his/her application packet. EIS is a 2-year, post-graduate fellowship for health professionals interested in the practical application of epidemiologic methods to a wide range of contemporary public health problems. EIS officers participate in a variety of activities designed to develop their competency in three main areas—epidemiologic processes, communication, and professionalism.

The attached document contains a list of items we would like for you to address in your letter. We would appreciate a frank and objective evaluation of the applicant.

Submission

For this person to be considered for EIS, your letter of recommendation must be electronically received by August 15, 2016. All letters should be written in English, on letterhead, signed, and dated within six months of application. Uploaded letters will receive electronic notification of receipt; applicants may check receipt through the online application but they will not be able to see the content of the letter. No exceptions will be granted to applicants if supporting materials are not received by the deadline.

Click on the link provided in the system generated email to upload the recommendation letter.

Sincerely yours,

Joshua Mott, PhD, MA, EMT-P
